

SOLSAN HAND SANITISER DISPENSER

GOOD HAND HYGIENCE IN BULK

SOLSAN is a solar powered bulk hand sanitiser dispenser that can be easily installed in public spaces to promote good hand hygiene and reduce the transmission of communicable diseases.

Developed in response to the global COVID-19 pandemic SOLSAN is completely touchless and is designed for use in areas where running water is not readily available. Suitable locations include:

- Playgrounds and parks
- Schools
- Tourism destinations
- Community sport centres
- Sporting stadiums
- Transport hubs.

BENEFITS

- Good hand hygiene accessible in public places
- Reduced land fill and environmental impact caused by individual bottles of hand sanitiser
- Reliable delivery mechanism
- Weather, vandal and tamper proof

KEY FEATURES

- Touchless automatic hand dispenser
- Bulk storage capacity – 10,000+ dispenses before refill is required
- Multiple hand sanitiser fluid options
- 4G communication enabled
- Accessible for all
- Anti-misuse features
- Robust and environmentally sustainable construction
- Utility free installation.

DESIGNED AND MANUFACTURED IN WESTERN AUSTRALIA FOR ALL WEST AUSTRALIANS

- Helping the community stay safe
- Suited to WA's harsh and rugged environment
